The prize

An original painting of Presqu'ile Park by Lisa Farrell, a well-regarded local artist, who is The Artist in the Park for 2011. The prize will be painted in Presqu'ile – if you value the Park, Lisa's painting will be representative of it. The frame will be made by a member of the Brighton Arts Council specifically for Lisa's painting. Value of the prize is \$500.

More about Lisa

We are happy to welcome **Lisa Farrell** as our **Artist in the Park for 2011**.

Growing up she was always making things, drawing, and painting. This creativity developed into a love for the arts, supporting and participating in visual arts groups, and teaching painting classes to adults and children.

Lisa enjoys painting a variety of realistic subjects, such as flowers and birds, with a special interest in lighthouses. This interest she attributes to living in the Maritimes for many years and growing up near a lighthouse on the Great Lakes. She paints primarily in oils but enjoys working with watercolours and trying new media.

In the last few years, Lisa has been experimenting with large, multi-media water and sky studies, exploring her fascination with the sparkle and movement of sunlight on water and the ever-changing texture and colour of clouds.

For the past 16 years, Lisa has enjoyed teaching art classes to adults and children.

As **Art Curator** for the **Brighton Arts Council**, she promotes the wealth and variety of artists in the area, organizing the rotation of art in Brighton. Lisa is also part of the **Arts Quinte West's Communication Team** supporting art in Trenton.

Lisa's great-grandparents were lighthouse keepers on Lake Huron, where she grew up, and she has a great affinity to lighthouses, birds, and water – a great fit for Presqu'île Park.

During July and August, Lisa will be in the Park on **Wednesdays, from 10:00 am to 2:00 pm**, to showcase the art of painting and the Park itself. Lisa's tentative schedule is listed below but is subject to change due to weather. Check out notices at the Nature Centre or the Lighthouse Interpretive Centre on the day for any updates and look for signs along the road.
