

Friends of Presqu'ile Volunteer Opportunity Education Programs for Adults and Families

Education Programs for Adults and Families

The Friends want to expand the education programs in the Park to include activities geared toward adults and families. The Park already hosts some very interesting weekend programs; we would like to build on these. This is a new program; here's your opportunity to build another success story. We are seeking a leader for this program and some enthusiastic committee members who have an interest in sharing everything the Park has to offer.

Contact The Team Leader at info@friendsofpresquile.on.ca with Adult Education as the subject.
